

# ROBOT BOWL

AT LAST! TRUE-TO-LIFE  
"REGULATION" BOWLING ON A  
VIDEO SCREEN . . . NOW AVAILABLE  
IN A COCKTAIL TABLE MODEL.

**REALISTIC SCORING** (strike, spares, splits, gutter ball). Handicaps of ten combinations through real life bowling research. The challenge to score high is when brings players back for more — a difficult game to master.

**AUTHENTIC SOUND EFFECTS** of a rolling ball and pin fall, and the footings of the "robot" bowler.

**INDIVIDUAL FRAME "SCORESHEETS"** are displayed on the screen for one or two players showing individual frame results and cumulative score totals.

**ANIMATED "ROBOT" BOWLER** is controlled by three sets of buttons:

1. Position bowler right or left.
2. Rock ball fast or slow.
3. Hook ball left or right.

**"FLIP-FLOP" VIDEO DISPLAY** when game is in two player mode. Allows players to sit comfortably across from each other while playing the game.

**CONTROLLED TIME FEATURE** — Player has 3, 5, or 7 seconds to shoot or ball is automatically released (no time limit feature if desired).

**• OPTIONAL PRICING** of 25¢ or 50¢ per player (for both players for 25¢ it desired)
